

REFUGEE FIGURES REACH THOUSANDS

Vice President E. E. Calvin of the S. P. Places Total Carried at 115,295.

ESTIMATE A WEEK'S TRAVEL

RAILROADS CARRIED 78,560 PERSONS FREE OF COST.

During the eight days succeeding April 18, 115,295 refugees were carried by the railroads out of San Francisco. Of this number 78,560 were carried free. These numbers do not include the refugees who found shelter in Oakland, Berkeley or Alameda. This information was received in Salt Lake yesterday by Vice President and General Manager W. H. Bancroft of the Oregon & California Railway. Vice President E. E. Calvin of the Southern Pacific. This count has been compiled carefully and is the first accurate estimate made public. The greater portion of these people were handled by the Southern Pacific from San Francisco. The Santa Fe and numerous other roads handled large crowds from California to middle western points where they boarded trains of other systems and scattered in all directions over the United States. When fares to eastern points from the coast are considered it will be seen that the railroads contributed hundreds of thousands of dollars of service free to the relief of the city.

Hauled Without Tickets.
No figures will ever be compiled on the money represented by this exodus of souls from San Francisco as no tickets were issued in many cases. People were loaded into special trains of ten and twelve cars and hurried away. A slip of paper was issued for identification, but further than this no records were kept of the distances covered by unknown numbers of refugees. Many went to New York. Others fled to New Orleans and southern points, while others hurried to towns near the Canadian border. While en route no expense or labor was spared by the railroads to make the passengers comfortable. Food was distributed through the trains during long jumps between widely separated towns, extra crews and extra equipment were pressed into service and trains were kept rushing from the devastated city night and day.

Baggage Hauled Free.
Another item which has no little importance is the hauling of baggage free. Each refugee carried a bundle of the few possessions saved by the flames. Each train carried hundreds of pounds of baggage which if carried under the regular rate would have cost the earnings of the trips by several thousand dollars.

Not only in carrying refugees from the city did the railroads show charity, which represents thousands, but the supplies hauled to San Francisco would swell the grand total of relief rates charged. Over 700 cars of supplies passed through Ogden during the ten days succeeding the disaster. Note the schedule schedule maintained by passenger trains and never by freight trains. The service to San Francisco furnished by the railroads cannot be estimated in figures. Cars of supplies are still passing over western lines on their way to the city by the bay. All supplies for the relief of the devastated city's destitute are being hauled free of charge.

TRACKS BLOCK WAY.

Western Pacific Bumps Against Obstacle in West Salt Lake.

A slight cloud has arisen on the horizon of the Western Pacific. The Oregon Short Line's tracks are being laid by the Western Pacific near a point near the Jordan river and First South streets. The tracks of the Western Pacific, both on this side and the western side of the river are left with gaps open. These gaps are occupied by property claimed by the Oregon Short Line. Opposite the power plant of the Utah Light & Railway company a long "Y" extends across the tracks of the Western Pacific leading towards the bridge being built by the latter road across the river. All obstructions such as houses, barns, fences, etc., on the surveyed line of the Western Pacific have been removed. The grade and the debris removed. The grade is completed to the Oregon Short Line's "Y." On the western side of the obstructing "Y" the grade is ready for track laying up to the river.

A similar condition exists on the western side of the river. From the bridge the Western Pacific's grade is completed for a distance of 100 feet. At this point the Oregon Short Line has a right of way fence leading out to the Buena Vista yards. On the eastern side of this second obstacle the Western Pacific has completed its grade out toward Garfield. The construction gangs of the Western Pacific may attempt to construct the grade across the Oregon Short Line's obstructions. Complications are likely to follow.

WILL POSTPONE EXCURSION.

Manufacturers and Merchants May Call Off Richfield Trip.

The proposed excursion of the Manufacturers & Merchants' association to Richfield will probably be postponed until fall. This decision will be reached as a result of a conference held by representatives of the organization and General Agent I. A. Bent of the Denver & Rio Grande. The trip as planned would consume two days. The journey to Richfield would consume Saturday. A lay-over would be necessitated in Richfield and the return trip made Sunday. The Rio Grande and other roads in the city have booked excursions for every Saturday for months ahead. The summer attractions would draw heavily from the M. & M. excursion, and this, with the heat and discomfort of traveling long distances in a short time, would limit this number of excursionists who would undertake the journey.

NORMAL WEATHER PREVAILS

Ample Precipitation Reported During the Week and Satisfactorily Distributed.

Nearly normal weather conditions prevailed over the state during the week, and the reports were very favorable, particularly in the southern counties. During, and immediately following the general stormy period at the beginning of the week, temperatures were low, but the above normal weather, which was prevalent during the week, precipitation was ample, and it was quite well distributed. Thunderstorms with occasional hail, sleet and snow accompanied the rain, and over the state the first of the week. Frosts followed generally in the rear of the storm.

WELCOME NEWS TO SUFFERERS

Insurance Companies Will Pay San Francisco Losses in Near Future.

MONEY IS SORELY NEEDED

SALVAGE OPERATIONS CAN NOW PROCEED.

San Francisco, May 9.—Financial interest today centered in the announcement made by the insurance companies that in the immediate future they would pay losses of the fire sufferers. It is believed that most of the money will be put into general circulation, and when it is distributed will relieve the people of San Francisco of their financial straits. This news was welcome, not only to the policy-holders, but also to the banks that have been doing the best for the public with the resources at their immediate command necessarily limited.

News Is Official.

It was official to the extent that it was given to the sub-committee of the city's general committee, and duly reported at the general committee's daily meeting. The announcement was received with applause, and the insurance companies having been waited with much anxiety. "What will be the effect of the payment of this insurance money?" was asked James D. Phelan, chairman of the finance committee. "Nothing could do more good," he replied. "When the money is paid out to the people it will put them on their feet. It will bring about an early resumption of normal conditions. The people want money to buy what they need and the payment of these many million dollars will greatly assist the banks on giving them money. What is more, the circulation of the money will be of great value to the banking interests."

Can Save Something.
With their announcement that losses will soon be paid, the insurance interests regarding the attitude of the city's general committee, and the work of the operations on property swept by the flames can be proceeded with safely. Policy-holders need not fear the loss of their claims for insurance.

CHEAP RATES EAST.

On May 26-28, June 1-3-16, tickets will be sold to Chicago, Minneapolis, Memphis and points west. The rate is one fare plus \$2 for round trip. Limit, Oct. 31, stopovers. Call at our ticket office or telephone for full particulars. Dining cars June 1.

RECEPTION FOR SENIORS.

High School Alumni Plans Entertainment.

The Alumni association of the High school will give a reception in honor of the graduating class at the national guard armory on the night of June 9. In former years it has been the custom for the alumni to entertain the graduating class at a banquet, but this plan has not been entirely successful, so this year they are going to give a reception and dance for the seniors. A committee of seventeen of the association's members in making preparations for the event.

Last night the association held a meeting at the public library to complete the arrangements for this reception. Principal George A. Eaton made an address, and speeches were also given by J. Tod Goodwin and William M. McCrea. Miss Agatha Berkhoel and Miss Marie Brooks rendered some delightful musical numbers.

"JODEY" FROWNS ON GERRYMANDER

County Clerk Says All Parties Will Be Consulted in Rearranging Districts.

NOTHING TO BE GAINED

ELDRIDGE NOT IN HARMONY WITH AUXILIARY COMMITTEE.

County Clerk "Jodey" Eldredge yesterday sidestepped the honor conferred upon him by the "Republican Auxiliary committee" Tuesday night, when it appointed him a member of a committee to help the county commissioners gerrymander the county in the rearranging of the election districts. The astute "Jodey" is a candidate for re-election to his present office, and has the relish to figure in a gerrymandering game so close to election. He was not present Tuesday night when he was appointed.

"In the first place," said Mr. Eldredge in discussing the matter yesterday, "no party can possibly gain anything by rearranging the voting districts. The fact that a Democrat or a Republican might be switched from one voting district to another would not affect the general result in the county. If the commissioners do not wish to rearrange the districts in the city they might in some degree affect the election of city councilmen; but they haven't that authority, and it is idle to talk about rearranging the districts in the interest of the Republican party or any other party."

Will Consult Other Chairmen.

"I am chairman of the Republican county committee," continued Mr. Eldredge, "and I propose to consult with Mr. Thomas and J. E. Darmer, chairmen of the Democratic and American committees, and together we will probably suggest to the commissioners a rearranging of the districts with the rearranging of the county precincts. The commissioners inform me that they are anxious to receive suggestions not only from the party chairmen, but from any other citizen of Salt Lake county who wishes to be heard."

It is probable that the city will be re-districted within the next two or three weeks. The adoption of voting machines renders necessary the reduction of the number of districts within the city from fifty-three to thirty-six. The machines will not be used in the country precincts; hence no change will be made in their boundaries. The commissioners are anxious to get the re-districting done as soon as possible, as all parties will soon be anxious to perfect their district organizations.

Action Is Condemned.

The action of the "auxiliary committee" in appointing a gerrymandering committee was the subject of mixed ridicule and condemnation by Republicans and Democrats alike yesterday. Republicans, in discussing the action of a body that would not publicly and appoint a committee for that purpose, were inclined to mix up the word "idiot" with their language, and it is evident that the gerrymandering scheme has died a borned.

Piles.

Don't Suffer Longer, You Can Have Instant Relief and a Lasting Cure by Using Pyramid Pile Cure.

A Trial Package Mailed Free to All.

The rectum, like the mouth, is lined with that soft, satiny material known as mucous membrane. Piles is a disease of that membrane and the blood vessels that lie under it. Fissure and fistula affect the same membrane and belong to the same family. Pyramid Pile Cure slipped into the bowel, melt and spread themselves over the diseased and painful surface and was on the outside of the body and could be easily seen and gotten at. The immediate relief they give even in the most agonizing cases will startle you, as it has already startled many thousands of "doubting Thomases" before you, who have tried everything and sent for the sample package, firmly convinced that they would again be disappointed.

But they weren't. Pyramid Pile Cure don't disappoint. They cure. They are for sale at all druggists at 50 cents a box and are worth an even hundred to the person who needs them.

Mr. John Byrne of 292 2nd Ave., New York City, writing under date of Jan. 17th, 1906, says: "I got so much relief from it, after 20 years' suffering, that I bought a 50-cent box. The almost unbearable pain is almost gone and my fistula has almost disappeared. I had given up all hope of ever being cured. I assure you, gentlemen, I will use every effort to make any of my friends try it, as I can guarantee they are a sure cure."

Or if you want to prove this matter at our expense, before purchasing, send your name and address to PYRAMID DRUG CO., 570 Pyramid Building, Marshall, Mich., and receive a trial package free by return mail.
